

***Eleventh meeting of the IAOA Executive Council (EC)
Public Report (20 Nov 2009)***

Attendees:

- Nicola Guarino (chair)
- John Bateman
- Stefano Borgo
- Antony Galton
- Michael Gruninger
- Riichiro Mizoguchi
- Leo Obrst
- Laure Vieu
- Peter Yim

The new IAOA website is up. The IAOA EC thanks all those that helped. A message about the new website and registration process will be sent to the iaoa-general mail list at the beginning of next week when we are sure that the DNS has propagated correctly.

EC members discussed how to organize information in the website (events, news, projects, contacts) and on the opportunity to set up a wiki perhaps within the Ontolog area.

The discussion has also considered the elements to take into account for IAOA to endorse or fund events.

The "iaoa.info@gmail.com" account will serve as collector for information and proposals.

The relationship between the Ontology Summit 2010 and the FOIS workshop on education has been analyzed in order to optimize the efforts and to clarify the goals.

The IAOA EC will sort out a subset of the proposed logos for the association. Members will be asked to vote once more on this subset. The IAOA EC will take the final decision by the beginning of January.

An IAOA policy on the possibility for Program Chairs to submit to FOIS will be finalized next week and put on the IAOA web page. The decision will bind FOIS Chairs from 2012 onwards.

IAOA will formalize in a contract the informal agreement with Ontolog for the provision of technical services.

(End of Report)
