

*Fifty-third meeting of the IAOA Executive Council (EC)*  
*Virtual Meeting of 2 Feb 2012*

Attendees:

- John Bateman (chair)
- Stefano Borgo
- Valter Cavecchia (invited)
- Micahel Gruninger
- Giancarlo Guizzardi
- Oliver Kutz (invited)
- Leo Obrst
- Laure Vieu
- Peter Yim

The EC reviewed status and progress of work on development of the IAOA website and related infrastructure, which includes the official website, membership and payment system, mechanisms for website contribution through blogging entries, an open wiki, a gated/member-only wiki and cloud-based shared-file workspaces.

A special page will be devoted to the IAOA Summer School, and to be maintained by Stefano Borgo and Claudio Masolo (IAOA Summer School 2012 Co-chairs.) - see: <http://iaoa.org/isc2012/index.php>

Two policies relating to IAOA supported events were discussed, clarified and decided as follows:

- (i) An event (such as a workshop) that is part of another IAOA-sponsored event or that is part of the activity of a SIG, will be automatically considered to be an IAOA-sponsored event.
- (ii) the IAOA-EC Liaison for supported events can be either an EC member, a Committee chair or a SIG chair.

The following event was confirmed as an IAOA supported event:

"Workshop on Well-founded Everyday Ontologies — Design, Implementations & Applications (WEO-DIA)" 9 Sep 2012 - Wrocław, Poland

IAOA champion: Pawel Garbacz

EC Liaison: Stefano Borgo

(End of Report)
